AIMG Program 2021 Application Cycle – Supporting Documents Deadline

To accommodate applicants, the proposed deadline for submitting the supporting documents package will be extended to **July 31, 2020**. ELP and MCC exam result submissions have differing deadlines – please see information provided in the relevant sections below.

This deadline may change depending on future public health directives and recommendations.

The AIMG Program has delayed the opening of the application portal to May 15th. For applicants who are unable to produce the required supporting documents, the process of requesting an administrative exception has been changed and is now implemented into a new online application. The 2021 Application Cycle fee will be \$350 for all applicants applying to Alberta for the 2021 cycle.

NOTARY PUBLIC SERVICES

- As many Notary Public offices remain closed, notarization of documents will NOT be required for Alberta Driver's Licence, Alberta Personal Health Card, Canadian Passport, and Permanent Residence Card for the 2021 Application Cycle only. Identity will be verified through physiciansapply.ca.
- **Notarization for proof of Alberta residency for applicants applying through Option C is still required.** As this is an essential service, some notary offices remain open to notarize documents physically. However, the Law Society of Alberta has approved virtual notarization to accommodate applicants.
