

## Instructions for Registering for the CASPer test / Adding AIMG as a recipient

Go to [www.takeCASPer.com](http://www.takeCASPer.com) and reserve your test spot by clicking on the **Reserve Your Test** button. If you have already registered to take the CASPer test for this 2021 application cycle, you **do not need** to register again. However, you will need to log back into your Casper account and add AIMG as a distribution on your profile. There is no extra cost associated to this

Sign-in to your CASPer account and follow the steps.

It is important that you share the results of your CASPer score with both CaRMS and the AIMG program at steps 3 and 4.
